Project Title: Dumbo Octopus Website

I'd like to build this site as a horizontal scroll with a continuous background. I will include a navigation banner across the top. Wikipedia and other sources have plenty of information and imagery for individual pages.

- **Home Page/Introduction** – Introduce dumbo elephant and encourage audience to be excited. Set tone of scientific summary.
- **Range and habitat**
- **Threats**
- **Movement, characteristics, food supply**
- **Breeding**
- **Sources** – this page will just list sources, including the Wikipedia page, as well as other sources for photography, and any other credits that need to be provided.
